

# LifePipe™

Market, Sell & Process Life Insurance **FASTER**

iPipeline's suite of tools gives your agency and producers the support needed to quickly and effectively research, quote and transact life insurance more accurately and efficiently.

## The largest forms repository in the industry

- 118 carriers and more than 340 products available within the LifePipe suite
- Term, Permanent, Universal and now Simplified Issue products available
- Access to the industry's largest repository of more than 100,000 forms
- Detailed product and carrier information
- PDF reports that may be printed, e-mailed or downloaded
- Direct access to carrier appointment forms
- Customize carrier and product listings, site integration and look and feel
- Rate and product information direct from carriers so you know they are accurate and timely
- Web accessible from anywhere at any time

## A quote engine and much more

- Guaranteed, non-guaranteed and simplified issue
- To age 100 products
- Select single or multiple term lengths, health classes and riders
- Pre-populates iGO e-Appls automatically
- Links directly to iGO e-Appls for participating carriers
- e-Signature available for many carriers
- Eliminates mistakes and speeds up commission payment
- Search by company, state, product/service and name

## Now You Can...

- All required forms are automatically put into a single kit so you always get what you need
- You may add additional forms and instructions as you see fit
- User may easily select / deselect additional forms
- Forms packaged into a single PDF for easy distribution
- E-mail, print or download forms for easy access
- Customize the look and feel to integrate into your site
- Forms database is updated by carriers directly so you know the information is accurate and timely
