THE NEXT-GENERATION POLICY ADMIN SYSTEM IN ONE CUSTOMER-CENTRIC SOLUTION

Legacy systems have no place in your rapidly-digitizing business. It shouldn't cost you years and millions of dollars to launch new products because of antiquated technology. Your policy administration system should be working for you, not against you. iPipeline PAS+ allows you to take new products to market quickly, while increasing agent and policyholder satisfaction with exceptional self-service capability.

## PUTTING POWER IN THE HANDS OF THE POLICYHOLDERS

In today's digital landscape, policyholders desire an insurance, annuity, and health product servicing experience that mirrors that of their current banking or shopping experiences. They want the ability to hop on their smart device and manage their insurance policy without reliance on their agent or a call center representative. iPipeline PAS+ offers policyholders the ability to manage their policies anytime, on any device, from an easy to use customer portal.

## ACCELERATED PRODUCT LAUNCHES

iPipeline PAS+ is equipped with an innovative New Business Engine that allows you to launch new products into the marketplace in as quickly as one year! Because iPipeline PAS+ operates on a rules-based system, it is highly configurable, and changes can be implemented by business users in days rather than months.

## ONE SOLUTION FOR ALL YOUR POLICY NEEDS

Gone are the days of accessing multiple systems for your reinsurance, commission, and claims management. iPipeline PAS+ integrates all your most-valued policy administration tools into one customer-centric solution. With claims, reinsurance, loans, commissions, accounting, and policy servicing integrated, agents and policy holders receive a full end-to-end digital experience.
