

# OUR BGA ECOSYSTEM

CONNECT CLIENTS TO AGENTS TO BGAs TO CARRIERS, ALL IN ONE PLATFORM.

Our fully integrated ecosystem for BGAs & marketing organizations gives you something unique: the ability to connect all the front-end processes needed to transact insurance with the back-end processes necessary to remain efficient.

A vast majority of the BGA community relies on our solutions to optimally run their practice, from small startups to established IMOs. Suitable to your needs and at an affordable price point, you can create an environment with more carriers and content— all with a seamlessly integrated order entry and agency management system.

Chat with your iPipeline consultant today and discover how we can help enhance your agency.
